

1998-99 INCOME CEILING LEVELS AND FAMILY SIZE CRITERIA

For the Cal Grant and Graduate Fellowship Programs

CAL GRANT B: For dependent students and independent students with dependents (other than a spouse), this matrix is used as one of the scoring factors for new Cal Grant B applicants. It is applied against data provided on the FAFSA, and along with other scores, makes up the total score from which descending score rosters are produced, prior to determining applicants' winner status.
